

These sets can be given to research clubs during Session 2 of the unit. They can also be reread by clubs during Bend II, along with the additional Bend II texts.

During Bend III, these sets can be given out to clubs who have not yet studied the issue.

You can also note a few texts marked which you might find particularly helpful to steer students to read/reread during Session 12 “Who Said What? Studying Perspective.”

As always, please preview these sets before giving them to your students to make sure they are best-suited for your particular class.
